Travel Wise... Immunize Here... Be Safe There...

If your travel itinerary determines that you require Japanese Encephalitis or the Rabies Vaccine, we will require at least 45 days notice so that we may order the necessary vaccines and provide them to you in the time frame required. (Must be administered at least 30 days prior to departure)

Travel itineraries that require Malaria prescriptions/prophylaxis will be coordinated by the Travel Health Coordinator and your Primary Care Provider.

Fees for consultation and vaccines are due at time of appointment. We will provide you with a detailed receipt so that you may submit to your insurance company. Some insurance companies may provide reimbursement. Please be prepared to pay at time of visit.

Further information or questions on consults, vaccines and/or their fees can be directed to the Travel Health Coordinators.

We appreciate you taking the time to: Travel Wise. Immunize Here. Be Safe There.
