## THE GIFT OF HOSPICE

Hospice provides comfort and support for individuals as they near the end of life. Care is provided by an interdisciplinary team and includes expert medical treatment, pain and symptom management, and emotional and spiritual support centered on meeting the needs of patients and their families. Hospice care is available wherever a person resides—at home, in a nursing home, or in an assisted-living facility.

The goal of hospice is to help individuals achieve the highest-possible quality of life, even as death nears. Care is patient-centered and guided by an individual’s unique wishes and goals. As a result, individuals and their families can focus on what matters most to them.

The Memorial Golf Tournament was started in 1996 by friends and family of central Vermonter Scott Freeman. Over the past 24 years, it has grown into a celebratory day-long event that helps raise awareness and funds for hospice at CVHHH.

To learn more, please visit us at [www.cvhhh.org/hospice](http://www.cvhhh.org/hospice)
