--	--------------

## 2022 UNDERPAYMENT OF CARE

We are a non profit guided by a mission to offer all Central Vermonters equal access to care. This means that we provide care to individuals regardless of their ability to pay. In 2022, we provided \$1,116,979 in care for which we were not fully reimbursed by Medicare, Medicaid, third-party private insurance companies, or by the patient and their families. We rely on fundraising and town funding to make up this difference.

## ADDITIONAL INFORMATION

At any given time in 2022, CVHHH relied on about 65 volunteers. These individuals worked in our office providing administrative support and at foot-care clinics helping with billing and checking people in. They supported our development team with town funding outreach and at fundraising events. Many also supported us as hospice volunteers. Our Board of Directors and Board committees are volunteer positions. We appreciate the support and time of these generous individuals. To volunteer at CVHHH, visit us online at [www.cvhhh.org/volunteer](http://www.cvhhh.org/volunteer).

## AGENCY OVERVIEW

CVHHH is an independent, full service 501(c)(3) not-for-profit Visiting Nurse Association (VNA) that has served 23 towns in Washington and Orange Counties since 1911. CVHHH is committed to providing high quality, medically necessary home health, hospice, and maternal-child health care to all Central Vermonters regardless of ability to pay. CVHHH also offers public foot care and flu clinics, private care, and long-term care services (homemaker and personal care attendant support) for clients and families at home.
